

Malawi ECAM: commitment from ceo's

The Employers' Consultative Association of Malawi (ECAM) is gaining more and more commitment from Malawian business leaders, thus gaining more weight in talks with Malawian government. With support from DECP, ECAM is currently running a programme of breakfast meeting with a selection of ceo's. The involvement of ceo's became very visible at the launch of the Malawi chapter of the Global Apprenticeship Network (GAN), an initiative of big international enterprises led by Swiss Adecco. GAN Malawi is running under the flag of ECAM.
